FAVOURITE MEETING PLACES

For more than 80 years, the Swiss Youth Hostels have been the first port of call for budget-conscious travellers. This comes as no surprise since they are often located in magnificent old buildings such as castles, former factories and historical villas. In recent years, the collection has been expanded with spectacular new buildings. A grand total of 52 hostels offer a tailor-made infrastructure for the young, young at heart and families.

SIMPLY DIVERSE

For many decades, the Swiss Youth Hostels have been offering solo travellers, families and groups accommodation from simple to spectacular in a personal atmosphere and with the opportunity to make new contacts in an exceptional setting. The «traditional» youth hostels, however, are a thing of the past: today the portfolio extends from romantic castle hostels to sophisticated accommodation in stately villas and stylish architectural jewels in prime locations. Double and four-bed rooms with their own shower account for around half the offering. With three categories («Simple», «Classic» and «Top») the Swiss Youth Hostels satisfy the differing comfort expectations of their guests, all of whom are looking for special accommodation rather than a standardised infrastructure.

YOUTH HOSTELS FOR FAMILIES

As particularly child and parent-friendly places for relaxation, family youth hostels generally offer very large grounds, spacious day rooms, a host of amusement and excursion opportunities together with a laid-back atmosphere.

TOP IN ALL RESPECTS

The first choice for those who like to stay at a place whose name conjures up a special image are the 14 youth hostels in the top category. Those in Zermatt, St. Moritz, Locarno, Interlaken, Basel or Zurich, for example.

SUSTAINABLE AND ENVIRONMENT-FRIENDLY

The Swiss Youth Hostels not only provide lasting holiday experiences, they have also long been committed to sustainable tourism. For example, all hostels are certified in line with the EU eco-label and the ibex fairstay label, and guests can offset the environmental impact of their travel and accommodation via the climate protection organisation myclimate.

QUALITY GUARANTEE

The Swiss Youth Hostels attach importance to:

- > Quality assurance – all youth hostels hold the Switzerland Tourism and Hostelling International Quality System seals of approval
- > The trust, safety and security of their guests
- > A reasonably priced offer without compromising on quality

OFFER

Swiss Youth Hostels come in three categories:

More than youth hostels – outstanding yet inexpensive. Modern architecture, top-class facilities and private rooms with many amenities.

The youth hostels as people know them – standard quality but not run of the mill, inexpensive and good.

The youth hostels as they have always been – the cheapest, simplest traditional youth hostels, historical, regional, close to nature, uncomplicated and sociable.
